18V

18V Lithium Ion Technology

- Quicker charging*
- Higher suction power*
- Longer run time*
- Better performance*

ergorapido™ plus

Features...

Lithium Ion Technology

18 volt Li-Ion battery delivers constant suction power for up to 30 minutes, with 20% more suction power than 12 volt Ergorapido, and only 4 hour charging time.

Instant cleaning performance

Instant grab and go cleaning for up to 30 minutes, no cords, no fuss.

Ergonomic & manoeuvrable

A double jointed floor nozzle makes Ergorapido super easy to manoeuvre in and around tight spaces.

LED lights on nozzle

LED headlights help see under furniture and in dark spaces, making sure you never miss a thing.

*Compared to a 12 volt Ergorapido model

Additional features:

Convenient Mini-upright and hand-held in one

Powerful cyclonic action helps deliver even more dust and dirt pick up

Motorised brush roll is ideal for carpets

Easy push button access and removal of brush roll for cleaning

Power spring filter for less filter clogging and easy cleaning

Quick, user friendly and uncomplicated dust cup removal

Hygienic and fast emptying of dust container with main vacuum cleaner

Accessories on parking stand for those hard to reach places

Rear mounted rubber parking strip for leaning against tables and benches
