

Thinking of you  
**Electrolux**

# ultraactive™

Excellent cleaning result with less effort

**BAGLESS**

Do something better with your energy...

### Powerful cleaning performance

The combination of a powerful 2100 watt max motor and unique AeroPro™ nozzle system means UltraActive delivers outstanding suction power and dust and dirt pick up, meaning excellent cleaning results with less effort.

### Compact and light

UltraActive gives you the cleaning performance of a larger vacuum cleaner, from a compact, lightweight package. Weighing only 6.2 kg means an end to heavy lifting, made easier with ergonomic carry handles. The elastic Ergoshock bumper doubles as a storage device, allowing UltraActive to be stored in compact spaces.

### Easy handling

Emptying UltraActive is designed to be as fast and easy as possible. The unique 'drop and go' dust container also features an easy to remove cone safety filter, and hygienic 3 stage opening lid - all to make using UltraActive as easy as possible.

# ultraactive™

Excellent cleaning results with less effort

UltraActive gives you exceptional cyclonic bagless cleaning power in a lightweight and compact package. Its uncomplicated design make handling and emptying easier than ever before, in short, it means an excellent cleaning result with less effort – all so you can do better things with your energy.
