Soft ride wheels
Protect hard floors and glide effortlessly across the floor.

Extremely quiet
Silent Air Technology allows you to vacuum without disturbing others.

HEALTH

Turns vacuuming into a joy...

Top European tested cleaning performance*

The unique combination of sealed and optimised high airflow, innovative AeroPro™ nozzle system and a powerful 2200 watt motor allows UltraOne™ to take vacuuming to a whole new level.

Extremely quiet

Utilising sophisticated Silent Air Technology the UltraOne™ rates a low 72 decibel sound†. When combined with outstanding cleaning performance, it's in a league of its own.

Exceptional handling

Everything about UltraOne™ is designed to make vacuuming as easy and enjoyable as possible. Wouldn't it be nice to have a vacuum cleaner that followed you around the room like a loyal pet? With the UltraOne™ you can say goodbye to the irritations of short power cords and getting stuck around corners.

* Independant test made by laboratory SLG Prüf- und Zertifierungs GmbH, in Nov 2008.

† Noise level (cleaner complete) dB(A) IEC 60704-3

ultraone™

Turns vacuuming into a joy

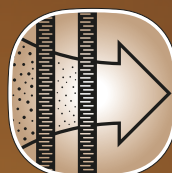

Somehow, vacuuming is not something you normally associate with "pleasure" or "joy"...

Until now!

The new Electrolux UltraOne™ has top European tested cleaning performance*, it's extremely quiet and offers exceptional handling with almost pinpoint maneuverability. All to make vacuuming more enjoyable – something you might even look forward to.
