the latest in outdoor entertaining

With our warm summers and mild winters, Australia has the ideal climate for a lifestyle of outdoor entertaining. Now more than ever, we demand contemporary, innovative designs to enhance our enjoyment of cooking outdoors.

the outdoor room

Our outdoor living areas are a true extension of our home and how we live life.

It's where guests, friends and family enjoy our company, our lifestyle and our cooking.

That's why we want our barbecues to share the same premium qualities as our kitchen appliances. They need to be contemporary, functional and of stunning design.

the Electrolux Jeppe Utzon

With absolute commitment to excellence in design and technical innovation, Electrolux has created the architecturally-inspired Electrolux Jeppe Utzon.

Sharing their own expertise in cooking surfaces with the visions of some of the world's best designers, Electrolux redefines the way we look at 'alfresco dining'.

the electrolux jeppe utzon barbecue designed for the most discerning tastes

The ultra-premium Electrolux Jeppe Utzon barbecue is the result of a two-year collaboration between Electrolux and designer Jeppe Utzon – grandson of legendary Sydney Opera House designer, Jørn Utzon.

It is an exquisite minimalist interpretation of the Aussie barbie. An object of architectural inspiration and a piece of modern art to admire.

linear

The elegant linear focus of the Electrolux Jeppe Utzon barbecue is designed to complement the clean lines of minimalist architectural expression in today's homes.

extending panels

Panels cleverly extend to create a bench space that's perfect for entertaining, providing a functional work surface to place food and drinks on.

architectural materials

The Electrolux Jeppe Utzon barbecue combines the best of today's contemporary architectural materials, including brushed stainless steel and Corian®.

discreet and stylish

When not in use, the outdoor cooking surface and controls are hidden from view by stainless steel cover panels. A weather-resistant tailored cover provides additional protection from the elements.

The Thoughtful Design Innovator.

Do you remember the last time you opened a gift that made you say "Oh! How did you know? That's exactly what I wanted!" That's the kind of feeling that the designers at Electrolux seek to evoke in everyone who chooses or uses one of our products. We devote time, knowledge, and a great deal of thought to anticipating and creating the kind of appliances that our customers really need and want.

This kind of thoughtful care means innovating with insight. Not design for design's sake, but design for the user's sake. For us, thoughtful design means making appliances easier to use and tasks more enjoyable to perform, freeing our customers to experience that ultimate 21st century luxury, ease of mind. Our aim is to make this ease of mind more available to more people in more parts of their everyday lives, all over the world. So when we say we're thinking of you, you know we mean just that.

Electrolux. Thinking of you.
