Laundry Range
Keep your favourites looking newer longer
The right amount of care

A laundry that knows what matters. At Electrolux, our philosophy is simple: the laundry should be seamless and intuitive. That’s why our design team have developed its new range with smart, sustainable features and clean lines for an effortless experience. So you can focus on the things that make you happy.

Handle with care

Looking after your clothes is effortless, with Electrolux. Our washers come with a range of smart features that keep your favourites looking their best, for longer.

Effortless laundry for you, better care for your clothes

Protecting clothes from early aging

It isn’t always easy to work out how much detergent should go into each wash. And with AutoDose, you don’t have to.

Too much or too little detergent can compromise your clothes, but AutoDose delivers the exact amount each load needs. Making sure cotton favourites are protected with each wash – keeping them in better condition for longer.

What’s more, if you connect your appliance to your smartphone you’ll benefit from personalisable features – for the best way to care for your clothes.
Washer
Features

Keep your whites bright*
Underdosing detergent gradually turns whites grey, as laundry is left dirty and dull. Trust our AutoDose technology to deliver the right amount of detergent and softener to washing cycles, every time.
*Test: 10 Electrolux washes, cotton/polyester mix, cotton 30°C programme.

No more wrinkles
Vapour not only reduces wrinkles, it also eradicates up to 99% of allergens and germs for a clean that’s more than just superficial.

Hand it to us
You can safely trust your washer to treat your delicate wool garments with utmost care. Our wool cycle is proven to be gentle even your hand wash only woollens, keeping them as fresh and lovely as they felt when you first put them on.

Quietly efficient
Reduce your energy needs by up to 50%* with a powerful and reliable EcoInverter motor that cuts vibrations and noise to the barest whisper. The ten-year parts and labour inverter motor warranty means your washer will deliver, wash after wash, year after year.
*vs conventional non inverter motors

Fit more in
Just back from a big trip? The new, extra-large door opening makes for seamless loading or unloading of your laundry.

Intuitive and intelligent
Keep colours bright, whites startling and blacks dark. Smart sensors automatically detect the soil and detergent levels to adjust the washing time for optimal, energy-efficient results that reduces unnecessary wear on fabrics.

Deeper clean
Say goodbye to detergent or soil residue on your freshly washed garments. UltraMix ensures detergent is fully dissolved before it reaches your fabrics for 31% less colour fading after 52 washes, even using cold water.

Hand it to us
You can safely trust your washer dryer to treat your delicate wool garments with utmost care. Our wool cycle is proven to be gentle even on your hand wash only woollens, keeping them as fresh and lovely as they felt when you first put them on.

Nice on knits
Our Woolmark Blue certification ensures your prized hand wash only woollens can be washed safely, with no felting or shrinking.

Careful drying, every time
With Electrolux’s Delicate Care technology, every garment is dried at the temperature that suits it best. The fast drum movement on the wool cycle ensures woals are kept flat to reduce shrinkage. Alternatively select the silk cycle to ensure your delicate silks are gently kept aloft to keep their shape. The dryer measures the exact humidity and temperature to protect from over-drying, while the intuitive tumble action helps dry clothes more gently and evenly. So, when you open the door, your clothes will look and feel fresh and ready to wear again.

Nice on knits
Our Woolmark Blue certification ensures your prized hand wash only woolens can be dried safely, with no felting or shrinking.

Gentle on the ears
Inverter technology is designed to be discreet and unobtrusive. Feel free to turn your dryer on any time of the day or night, without it interfering with anything else you’re doing.
Comparisons
Drying with care

Silk comparison
The DelicateCare 800 dryer gives you confidence dry your favourite clothes, whatever they’re made of, even silk and down. The DelicateCare System with heat pump tailors low temperatures and drum motion to any fabric. Even your silk garments emerge with up to 50% less creases.

Down jacket comparison
The performance of a down jacket may deteriorate when washing and drying as the down is pressed into corners of the jacket over time. The DelicateCare System adjusts temperature and motion for exactly the correct care so the down is gently fluffed again and its protective abilities restored.
